

# Lale Mini Food

Norlux -the nordic lighting supplier

LED Spotlights  
COB LED

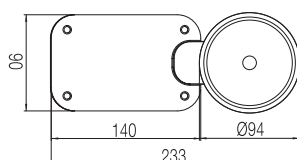

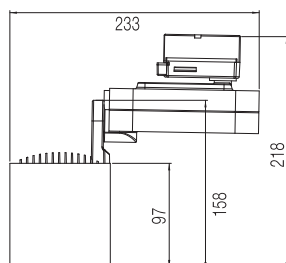

## Food Warm White:

Provides fresh and inviting colors to items such as fruits, vegetables and baked goods. The quality that the customer wishes clearly.

## Food Premium Red:

The light accentuates the quality of raw materials such as meat, and provides a healthy and tempting expression / appearance.

Why not provide great commodities fair? Lale Mini Food is designed with two unique light sources specifically designed for lighting of fresh produce. Light accentuates the red in fresh meat or tomatoes, for example, or the warm brown yellow colors in fresh bread can have a huge impact on customers urge to buy. The luminaire comes in three different colors, see color choices below.
