

Sign

Norlux -the nordic lighting supplier

Sign, this model replaces the traditional spotlights for illuminating wall boards, facades etc. and the LED secures a reliable and long lasting light. The Sign luminaire gives a very wide beam angle to the light, 145 x 73 degrees, and this gives a light field of 3,5 meters in width. The luminaire is delivered with pole bracket, other brackets for mounting directly on to the wall or a 70 cm mounting bracket can be ordered separately.
